TLILIC0001 – Licence to transport Dangerous Goods by Road

The **Dangerous Goods Drivers Licence** focuses on the Australian Code for the transport of Dangerous Goods Code by Road & Rail seventh edition (ADG7).

This unit involves the skills and knowledge required to obtain a dangerous goods (DG) driver licence to transport DG by road.

It covers all aspects of the Code, providing comprehensive information about the state and territory regulatory requirements, and includes the major changes from ADG6. The responsibilities of all parties in the transport chain are included.

It is customised specifically to meet the needs and interests of the participants, and is delivered in a manner that ensures high levels of interest and learning retention.

Course content includes identification and handling, safety precautions and equipment, and compliance with the statutory requirements.

Assessment:

Mandated National Assessment Tools are used and include Theory, Calculations and Practical Assessments.

Outcome: On successful completion of the training program students are issued with a Statement of Attainment which is needed as part of the process to apply for a DG licence.

TLILIC0001 Licence to Transport Dangerous Goods by Road

Completing this course does not entitle a person to drive a vehicle transporting dangerous goods in licence quantities – completing the course is one of several criteria including medical and criminal checks that must be satisfied, to be issued a DG Licence.

Students must apply for a DG Licence at a Service Tasmania location. Applicants must provide the statement of attainment, the completed WorkSafe Tasmania Application Form (see the links next page), proof of ID, a copy of current Driver Licence and pay the relevant fee.

Dangerous Goods

Please note that licences are issued by WorkSafe Tasmania; the Competent Authority for Dangerous Goods transport and you are not licenced to drive a vehicle transporting dangerous goods in licence quantities until you have received your Dangerous Goods Drivers Licence.

On approval of your application your new plastic licence DG Licence will be forwarded to you by mail.

Links to the WorkSafe Tasmania Application Form 1 and 2 are provided further below.

Forms and Downloads: http://worksafe.tas.gov.au/licensing/dangerous_goods/dangerous_goods_transport

Courses will only proceed subject to minimum number (6) with course size maximum number (10).

Group price rates subject to negotiation.

Pre requisites:

Participants must all have a USI number.

Participants must have a **full Driver's Licence** (Provisional licence not acceptable) and comply with the requirements outlined in the application for a Dangerous Goods Licence published by Work Safe Tasmania.
